

Year 10 HSC

You need to be spending **3 hours** per week on this subject

We are starting on a new unit on the BTEC TECH PEARSON AWARD

Learning aim B: To Investigate how individuals deal with life events

Learning aim B1: Different types of life event

Learning aim B2: Coping with change caused by life events

Activities to complete:

Week beginning 4th January - Different types of life event

Live lesson delivered using PowerPoint Component 1B L1.

This will also be emailed to you with the resource sheet that needs to be re-submitted on teams.

There will also be an independent task to complete on teams assignments

Week beginning 11th January - Types of life events through the life stages that may be expected or unexpected

Live lesson delivered using PowerPoint Component 1B L2.

This will also be emailed to you with the resource sheet that needs to be re-submitted on teams.

There will also be an independent task to complete on teams assignments

Method of submission and deadline:

Resource sheets will be in the ASSIGNMENTS AREA of teams and you need to submit them.

If any issues submitting through teams please email the work to me
